

# BE A BACKPACK BUDDY

sponsor a hungry child at our school

GOLDEN HARVEST  
FOOD BANK  
*feeding lives together*

## THE NEED

Did you know that 1 in 4 children in our community face hunger on a regular basis? During the week, these kids receive food at school through the free lunch program. But over the weekend, they often face 2 days with little or nothing to eat. These children come to school on Monday weak, tired, and unable to concentrate on school work.

## THE SOLUTION

Our school offers the Backpack Program to children who aren't getting enough to eat at home, in partnership with Golden Harvest Food Bank. Students in need receive a bag full of nutritious, child-friendly food every Friday during the school year. This food helps keep our students healthy, happy and learning.

## YOU CAN HELP

We need your help for this program to continue! You can sponsor a child at our school in the Backpack Program for just \$20 each month by visiting the link below. Together, we can make sure no child at our school has to go hungry.
